

Ms Dominique Dejonckheere is a senior policy advisor at Copa-Cogeca in Brussels (www.copa-cogeca.eu), which is an organisation that represents European farmers and agri-cooperatives. She is responsible for expressing and defending the interests of the specialised crop sector, covering areas such as fruit and vegetables, potatoes, protein crops and seeds. Since 2015, she has also responsible for fertiliser issues, which represent a key input for farmers.

Dominique Dejonckheere holds a Masters in Bioscience Engineering: Agricultural Sciences (1991) from Gembloux AGRO-BIOTEC, Belgium.
